

# Triple Lane Travel Cowl

*No need for a marker with this quick reversible cowl, which features a distinctive stitch at the start and end of each round; circular needles make it great for tight knitting spaces. Repeat rows of simple stitches let you gaze from a window en route or enjoy the sights from a cozy café on arrival without missing a beat. Wear it (it's just long enough to pull up over your chin if it's cold), tuck something soft inside to turn it into a travel pillow on your way home, or gift it to one of your travel companions as a very special souvenir!*
